WEEKLY LESSONS

There are two pages to accompany each week’s lesson in the *Grow in Love* Children’s Book from Junior Infants/P1 to Second Class/P4. These activity books are designed to engage both children and their families. Each week, it is intended that one page in the Children’s Book be worked on in school and the second page at home.

In Third, Fourth, Fifth and Sixth Class, the Children’s Books are in textbook format. In Third and Fourth Class, there are three pages each week: two pages for school and one for home. In Fifth Class and Sixth Class, there are four pages each week: three pages for school and one for home. Activities are designed to reinforce learning and to engage children and their families.

WORK AT HOME

We strongly believe that if we want families to be involved in their children’s religious education, we have to give them concrete opportunities to engage in suitable activities together. By sending home a piece of work, a prayer, a Bible story, something to read together and a topic to chat about each week, we are communicating to parents and families that their role in their child’s religious education is vital from the very first day their child starts in a Catholic school.
